

### **COVID Protocols for RBCS School Buses 2020-21**

- Masks are required for drivers and all students from 1<sup>st</sup> grade up.
- Students will be seated with family members to minimize additional exposure when possible.
- Hand sanitizer will be provided.
- A minimum of four windows will be down while on the bus, two in front and two in the rear. This will aid in circulation of air while the A/C runs to keep the bus cool.
- An RBCS employee will perform temperature checks on each bus rider once they disembark. Anyone with a temperature of 100.4 or greater will be referred to the School Medical Resource Technician for further evaluation.
- Buses will be disinfected daily after each use.
