Our Promise

We know that this time is both stressful and difficult for our students and families. We remain dedicated to providing the best Christian Education by assisting parents in training their children to live to God's Glory by developing a biblical worldview, Christian character, and the skills necessary to fulfill His calling in their lives.

Setting up your student's Family Portal Account

Every student must have their own family portal account. This ensures that when a student signs in to complete their work the time spent online, uploaded documents, and completed assignments are connected to the student's name and account. This cannot be done using a parent's Family Portal Account, as it is associated with you.
