

Rocky Bayou Christian School Policy on Masks and Face Shields

This policy is intended to be a fluid policy, meaning that it is subject to change at any time and for any reason in an effort to keep all of our students, staff, and families healthy and safe. We are fully aware that every family may have widely varying opinions concerning masks, and we have tried to maintain an attitude of common sense while creating these policies.

Masks/ Face Shields are *not* required for students, staff, faculty, or visitors. Parents have the final say in whether or not their student masks. Our Medical Resource Technician or Faculty/Staff may reserve the right to ask a student to mask in the event that they are symptomatic.
